

# iPaper Available Statistics

The BPI Media Group iPaper Online Document Solution has a wide array of statistics that are available to you.

**Visitors:**

You can see the number of visitors to your ipaper by hour, day of month, day of week, week, or year.

**Pages:**

Time spent on a page can be seen as total time spent, total number of hits, average time per hit.

**PDF Downloads:**

You can see the number of times your iPaper is downloaded as a pdf by hour, day of month, day of week, week, or year.

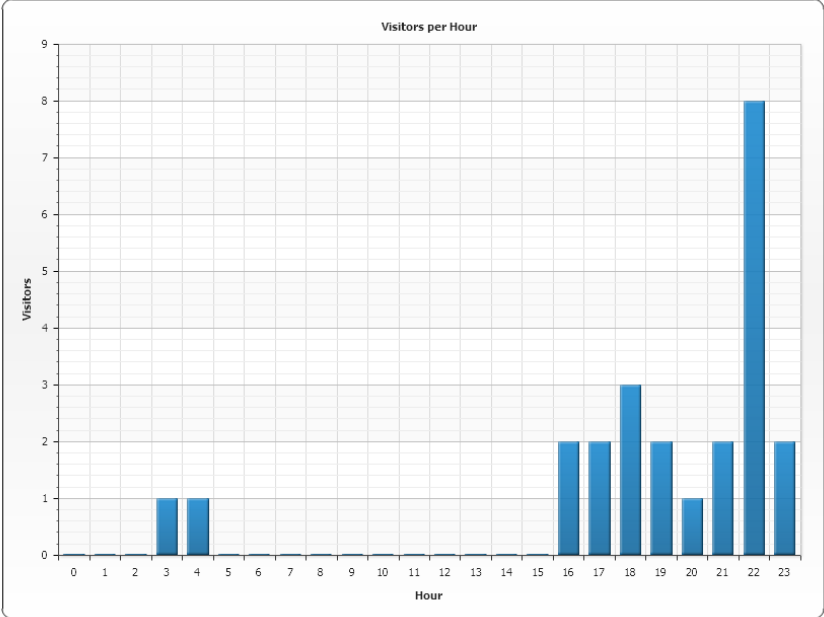

**Search:**

You can see what words were searched in your document and when searches were made by hour, day of month, day of week, week, or year.

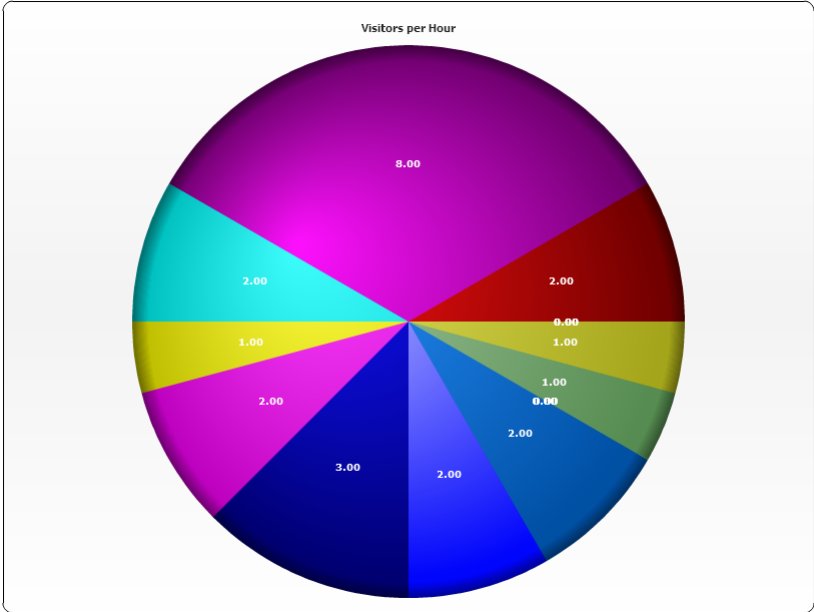

**Links:**

Any links in the document to outside URLs are tracked by the number of times they are viewed and the number of times they are actually clicked on.
